

JHANVI ENTERPRISES PROJECT CAPABILITY

WHERE QUALITY MEETS SECURITY, WE FENCE.

Executive Snapshot

A concise view of execution capability, recent orders and growth pipeline.

- Integrated perimeter-security contractor covering fencing, gates, precast barriers, PPGI systems and structural steel.
- Recent documented orders include Microsoft HYD 41, AWS Datacenter Hyderabad and CRI Pumps Coimbatore.
- Project responsibilities include engineering coordination, procurement, fabrication / precast supply, logistics, installation and handover.

*Aggregate of the four work/purchase orders supplied for this report; values include applicable GST.

What Jhanvi Enterprises Does

End-to-end perimeter security and allied project execution.

BRC / Weldmesh Fencing

Modular perimeter systems for industrial, commercial and infrastructure applications.

Anti-Climb & High-Security Fencing

Dense-mesh security solutions with anti-climb / anti-cut characteristics.

PPGI Sheet Fencing

Project-specific perimeter segregation on engineered steel support systems.

Gates & Access Solutions

Swing, sliding and cantilever gate systems; manual and automation-ready.

Precast Jersey Barriers

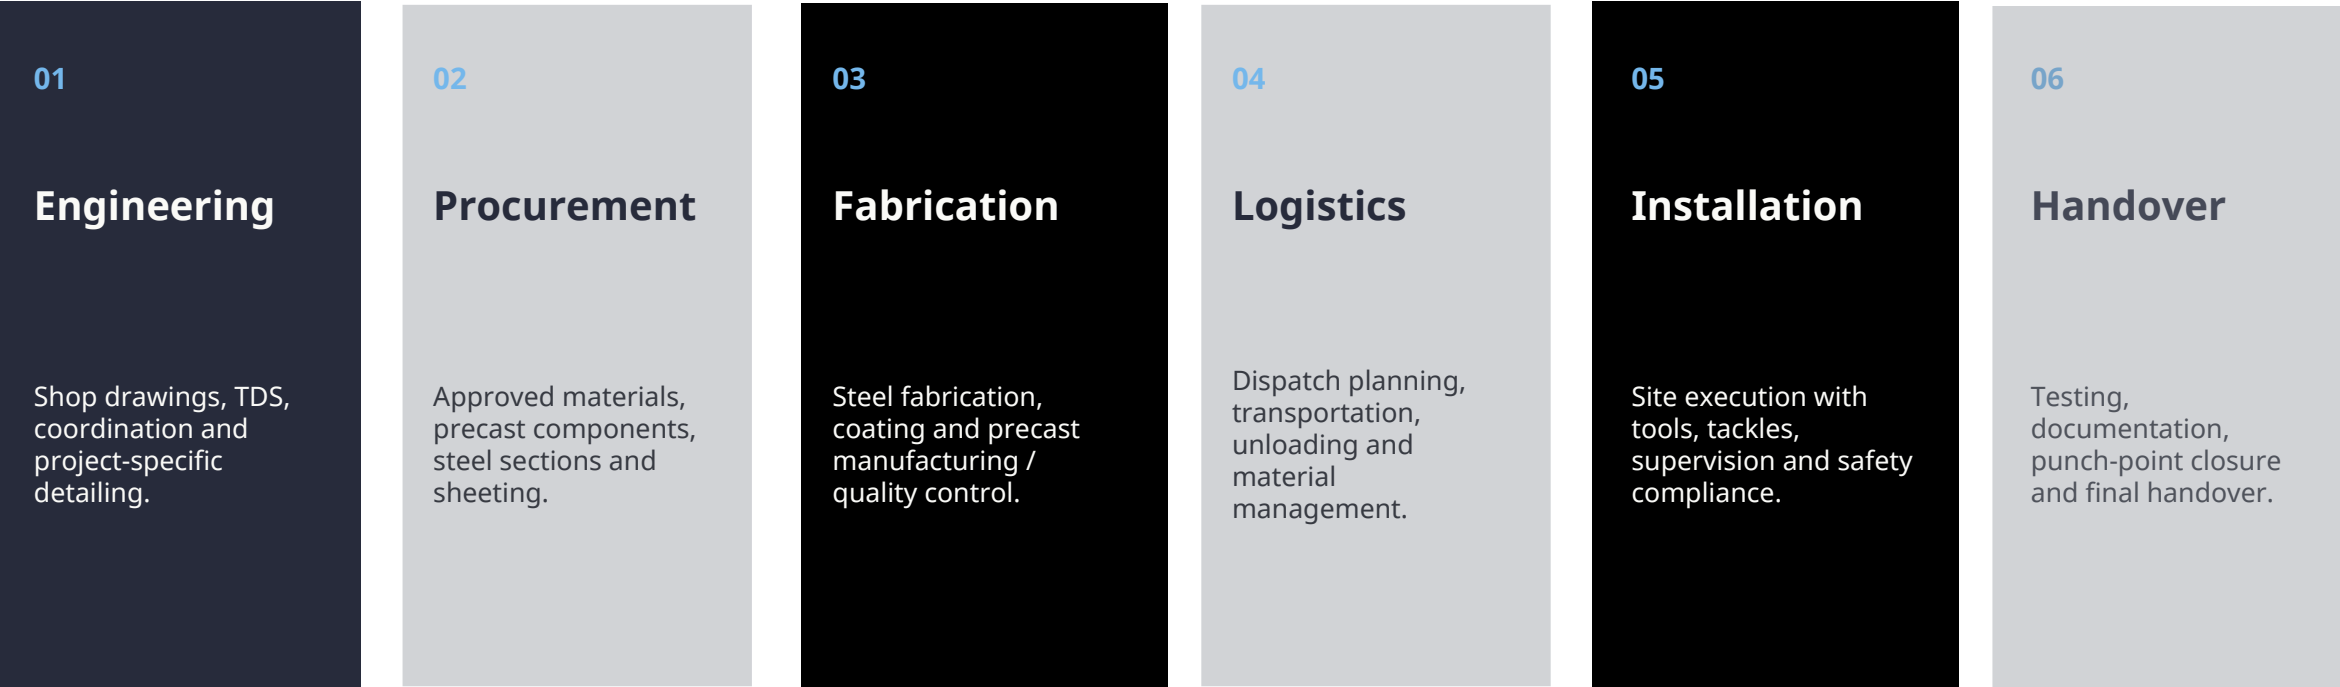

Manufacturing, supply, transport and installation of modular precast barriers.

Structural Steel

Fabrication, erection, supporting structures and project-specific steel works.

From Design Coordination to Handover

A project-delivery model suited to large industrial and data-center environments.

Microsoft HYD 41 — Suroj Buildcon

Large integrated precast + PPGI perimeter package, Hyderabad.

₹4.10 Cr

MAIN WO VALUE (INCL. GST)

1,920 RMT

- Client: Suroj Buildcon Private Limited
- End project: Microsoft HYD 41, Hyderabad
- Scope: RCC precast pre-stressed plank / column system with PPGI sheeting and associated structural works
- Jhanvi scope includes design documentation, precast shear keys & jersey barriers, PPGI sheeting, steel members, tools / tackles and installation
- The order demonstrates capability to execute a multi-crore perimeter package with civil, precast and structural interfaces.

Microsoft HYD 41 — Gate Package

Custom manual swing gates integrated with the perimeter system.

₹7.77 L

GATE WO VALUE (INCL. GST)

3 NOS

MANUAL SWING GATES

- One 6 m × 3 m swing gate with wicket gate and two additional 6 m × 3 m swing gates.
- Includes precast foundations, 0.5 mm PPGI cladding and powder-coated MS frame sections.
- Shows Jhanvi Enterprises' ability to deliver project-specific access solutions aligned with the main perimeter package.

AWS Datacenter, Hyderabad — HIC Infrastructure

Type-4 security fencing with wall spikes.

₹21.26 L

PO VALUE (INCL. GST)

530 SQM

- Delivery location: Blue Star AWS Datacenter Amazon, Hyderabad.
- Scope: Supply & installation of 1,800 mm high Type-4 fence with wall spikes.
- Jhanvi scope covers shop drawings / TDS approval coordination, transportation, installation compliance, testing documentation and final handover.
- This project supports Jhanvi's track record in high-security data-center perimeter works.

CRI Pumps, Coimbatore — URC Construction

MS weldmesh fencing for stamping & ancillary buildings.

₹15.90 L

PO VALUE (INCL. IGST)

396 SQM

- Client: URC Construction Private Limited
- Project: CRI Pumps – Stamping & Ancillary Buildings, Coimbatore
- System: 1,820 mm high bell-post fence; 50 × 200 mm mesh; 4.5 mm wire; 2,560 mm post centers; polyester coating
- Order demonstrates outstation supply capability and execution for a major industrial project.

Project Work Gallery

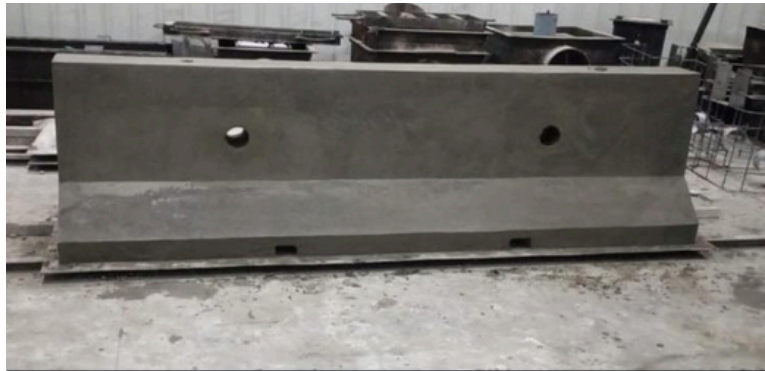

Selected photographs from recently executed perimeter-security works.

PPGI perimeter + gate

Integrated PPGI / precast system

Precast jersey barrier

Weldmesh fencing

Perimeter fencing installation

Custom swing gate
